

Temperature Instrumentation

Labfacility has always been associated with high accuracy temperature measurement manufacture.

L60 Thermocouple & Fine Wire Welder

The Thermocouple Welder, manufactured by Labfacility, is a compact, simple-to-use instrument designed for thermocouple and fine wire welding.

Bench Top Instrumentation

Bench top instruments, some which work in conjunction with a PC, that can provide accurate monitoring of your application. Thermocouple and Pt100 options available, including the Labcal Pro and Tempmaster Pro precision thermometers, L200 and L300 temperature monitors.

Thermometer Kits with Meter

Products include the HVAC Standard and PRO kits, Type K general purpose thermocouple kit and two multi-purpose kits with optional moulded on probes or hand held temperature probes. Catering Kit also available with High Accuracy Chef Thermometer, Calibration checker and optional Type T probes / precision calibrator.

Temperature & Humidity Transmitters

Including a range of Display products, Thermometers, Panel Meters and Compact, accurate Temperature and Humidity Transmitters both in-head and rail mounted.

Environmental Instrumentation & Sensors

A selection of sensors and instrumentation including room, ceiling and radiation sensors, hand held thermometers, infrared thermometers and data loggers.

Lascar Data Loggers

Hand Held Temperature and Humidity Data Loggers by Lascar. Great value and very versatile, including the 21CFR compliant & USB range, WiFi, DataPad, PDF range, EL-MOTE & Panel Pilot.

Temperature Sensors

We manufacture temperature sensors to suit your application. In addition, a large range of Thermocouples in IEC or ANSI calibration, PRT's, Detectors, Environmental Sensors and Hand-Held Sensors are available from stock for immediate despatch.

- Thermocouples in IEC & ANSI
- High Temperature Sensors
- Handheld Temperature Sensors
- RTD / PRT Sensors & Detectors
- Custom Built Sensor Configurators

Thermocouple Connectors

We are Europe's largest manufacturer of thermocouple connectors and accessories in IEC, ANSI and JIS colour codes.

- Comprehensive range of fittings and accessories including mounting panels

Thermocouple & PRT Cables

Labfacility offer a wide range of thermocouple, PRT and extension cable in stock for immediate despatch.

Thermocouple cables are available in IEC or ANSI colour codes. Insulation types include PFA, PTFE, PVC & Fibreglass.

- PVC, PFA, PTFE, Glassfibre & PRT cable

Temperature Instrumentation

Labfacility has always been associated with high accuracy temperature measurement manufacture.

- L60 Thermocouple & Fine Wire Welder
- Bench Top Instrumentation
- Panel Mount Instrumentation
- Cold Chain Data Loggers
- Hand Held Instrumentation
- Thermometer Kits with Meter
- Calibrators and Precision Calibration Checkers
- Temperature & Humidity Transmitters

Sensor Fittings

Labfacility manufactures a wide range of components and fittings for sensor installation, in stock for immediate despatch.

- Compression Fittings
- Terminal heads & blocks
- Locknuts, Pot Seals, Reducers, Bayonet Caps, Flanges and Thermopockets
