

Momentive RTV Silicones with Airbus Industrial Qualification

Momentive Part Name	Properties	Standard	Airbus FAI
FRV 1106	RTV fluorosilicone paste; oil & fuel resistant; withstands high temperatures	DA4-653-3	One FAI for - DA4-653-3H5 - DA4-653-3FS2
RTV 167	Grey paste; neutral cure; high strength; chemical resistant; electronic grade	MIL-A-46146	One FAI for : - M46146-2-1Y
RTV 102	White paste; general purpose sealant; FDA approved; MIL Spec; tough, durable, chemical resistant, electrical insulator; high & low temps; Suitable for form-in-place-gaskets	ABS5799	One FAI for : - ABS5799B- - ABS5799BP
RTV 106	Red paste; tough, durable sealant; FDA approved; MIL Spec; withstands very high temperatures to 310°C; Suitable for sealing heating elements, gasketing and sealing.	ABS5799	One FAI for : - ABS5799C- - ABS5799CP
RTV 108	Translucent paste sealant; tough, durable; FDA approved; MIL Spec; Boeing Spec; chemical resistant; high & low temps; electrical insulator; General purpose bonder and sealant.	PQ10054-040-00 ASNA4290 I+DN15 I+DN16 MIL-A-46106	One FAI for : - PQ10054-040-03 - ASNA4290 - Z15904 (according I+DN15) - Z16302 (according I+DN16) - M46106-1-1Y
